U-TEL™ LED Auto Emergency Light

EL SERIES

Features

- Patent Product
- Lifetime more than 35,000 ~ 50,000 hours
- Super brightness
- Auto light up when power failure
- Use super bright 5 mm white LED bulbs or high power LED
- Long duration time, reduce labor installation and maintenance expenses
- With power test switch
- Built-in AC power charging system with automatic protection for over-charge
- Palm size, light weight and streamline shape
- Use 4 rechargeable AA batteries

Specification

Model	EL-102 (5ϕ bulb-type LED)	EL-802 (High Power LED)
Functions	Auto Emergency Light	Battery Charger Handy Torch
LED type and number	6 pcs x 5ϕ white LED	2 pcs x 1W high power white LED
Lighting time (Reference)	1300 mAh NiMh battery: 4 hours 1600 mAh NiMh battery: 8 hours 2000 mAh NiMh battery: 12 hours	1300 mAh NiMh battery: 2 hours 1600 mAh NiMh battery: 3 hours 2000 mAh NiMh battery: 5 hours
LED indicator	Red: charging Red/Green: full charged	
Input power	AC 85-265 V switching power	
Power source	4 AA rechargeable battery	
Housing material	94-V0 (ABS) Heatproof & Fireproof	
Housing color	White	
Dimension	156 x 48 x 55 mm (L x W x H)	
Weight	160 g (not include battery)	

Package contents
Main unit x 1, Instruction (printed on paper box), 4 AA Rechargeable Battery (optional)

Packing information
1 pc packed in a paper box (18*10*6 cm)
